Dear Administrator:

We would like to invite your foreign language and ESL teachers to join us for our Teacher Retreats this summer. We offer three-day Make & Take Retreats based on accelerated learning strategies that encourage a positive environment and efficient learning taking place in their classrooms. Our **Poster Making Retreat** gives teachers the time to create visual helps for their students. Our **Games Retreat** allows teachers to make engaging activities which allow for student input. We also provide our **Teacher Re-charge Retreat** which is designed for language teachers new to the profession or veteran teachers looking for a fresh perspective. Finally, we offer our **Notebook Retreat** which allows teachers to create a student tool which will guarantee student accountability, discipline, and effort.

We have been providing retreats for teachers for 6 years. We invite you to visit our website ([www.notsoforeign.org](http://www.notsoforeign.org)) for a good view of all that we offer your teachers. We provide 2 nights lodging at Wellspring Retreat, meals for the three days, and all the supplies the teachers need to make unlimited visual aids and games for their students, or an extensive new teacher guidebook, or comprehensive templates to create a student notebook. The cost per retreat is \$495.00.

Here are references for several Foreign Language Coordinators whose teachers we have served at our retreats. Please feel free to contact these ladies.
